

- 1 Ear**
- two ears for higher clamping range
- 2 Smooth inner band**
- 3 Round edges**
- to prevent damage

One part clamp for low and medium pressure

The NORMACLAMP® Ear Clip Double has no screw. The assembly is fast, simple and safe thanks to the pinching of the ears. The two ears enable a better and more constant sealing force. The tightening force is improved.

Advantages at a glance

- ✓ Cost effective, and simple alternative to worm drive hose clips
- ✓ Fast and easy to install
- ✓ Ideal in narrow spaces
- ✓ Suitable for definitive fixation of connecting pipes
- ✓ To be assembled with simple ear clip pliers
- ✓ Extended clamping range

Applications

- For hoses that convey compressed air or fluid
- Original equipment manufacturing
- Maintenance repair and overhaul
