

NORMAFIX® HVAC Clip

One for all – the flexible clip for fixing spiral hoses

- ✓ Economical, lightweight and flexible alternative to spiral hose clamps
- ✓ Suitable for both clockwise and counterclockwise spiral hoses
- ✓ Simple installation by hand, no special tools required
- ✓ Patented design for strong clamping force around the hose

NORMAFIX® HVAC Clip

Applications

For any HVAC application with spiral hoses

- Heating, ventilation, air conditioning
- Ventilation of greenhouses
- Clean room ventilation
- Welding fume exhaust

Materials

Polyamide 6.6 (highly resistant to extreme temperatures and numerous external influences)

Part number	Description	Packaging quantity	Further information
NORMAFIX® HVAC Clip			
0859 2066 001	HVAC Clip	flexible (minimum order quantity 100 pcs)	suitable for cable ties with bandwidth 9 mm
Recommended installation accessories			
0795 0890 760	Cable tie, black 9 mm x 760 mm	100	up to a maximum diameter of 220 mm
0892 0000 003	Cable tie tool	1	bandwidth 4.7 mm – 13 mm
0860 0510 002	Cable tie dismantling tool	1	–

Easy and reliable installation

1. Place bridge of HVAC Clip over wire and adjust cable tie so that it runs parallel with the wire.

2. Place the HVAC Clip on the spiral hose and insert cable tie into the grooved wing of the clip.

3. Pull the cable tie completely through the clip until it stops.

4. Bend the cable tie around the spiral hose and insert it into the other side of the HVAC Clip.

5. Thread the cable tie through the accessible side of the clip and pull it gently until it fixes the spiral hose.

6. Our tip: Use our tool to tighten and to cut the cable tie easier and safer than ever. (Part number 0892 0000 003)
